MEMORANDUM FOR: Special Activities Office, DIA-XX

SUBJECT : Receipt of Southeast Asia Photography in NPIC

1. As you know, the National Photographic Interpretation Center backs up the field photo interpretation units by reviewing the photography acquired by aircraft missions over Southeast Asia when that photography arrives in the Washington area. Recently, we have noted that the film from some kinds of missions is received by NPIC as much as two to five weeks after the dates of the missions.

2. Delivery to NPIC of photography from Giant Scale and Bumpy Action missions is accomplished in a relatively short period of time -- five to seven days. However, recent delivery of film acquired by the following missions seems to be taking longer to arrive:

	69	68	67	66
Giant Nail-----17 days	14	8	5	4
[]-----16 days	12	8	5	14
[]-----10-35 days	18	14	7-10	14

3. NPIC will, of course, continue to review such film thoroughly.
